

Job Title : AI Engineer

Location: Lucknow (Onsite)

Company: InfoBay.AI

Experience: 2+ Years

Preference: Immediate Joiners

About InfoBay.AI

InfoBay.AI is a fast-growing AI-driven company focused on building intelligent, scalable, and data-centric solutions. We leverage cutting-edge Artificial Intelligence to solve real-world problems and create impactful products.

About the Role

InfoBay.AI is looking for an experienced Senior AI Engineer (ML/AI Systems) to join its growing AI team. The ideal candidate should have strong expertise in AI/ML systems, Large Language Models (LLMs), production AI deployments, team leadership, and scalable AI architecture development. The role involves designing, building, deploying, and managing advanced AI solutions while leading engineering teams and ensuring successful project delivery .

Mandatory Technical Skills

- Python Development
- AI/ML Systems
- Large Language Models (LLMs)
- PyTorch / TensorFlow

- -
 - NLP / Generative AI
 - APIs & Backend Integration
 - AWS / GCP / Azure
 - Docker / Kubernetes / MLflow
 - Production AI deployment experience
-

Preferred AI & Model Experience

Hands-on experience with models like:

- Llama
- Qwen
- Mistral
- Gemma
- GPT

Experience in:

- Fine-tuning
- Quantization
- Prompt Engineering
- RAG Pipelines
- Embedding Models

-
-
- Vector Databases

Experience with:

- HuggingFace
- LangChain / LangGraph
- Ollama / vLLM
- CUDA / GPU Optimization
- Real-time inference and scalable AI pipeline experience

Additional Preferred Experience:

- Exposure to Computer Vision / Speech AI / OCR systems preferred
- Experience working in AI product-based environments preferred

Management & Leadership Skills

Strong team handling and mentoring capabilities

Experience managing AI Engineers, Developers, and cross-functional teams

- Task allocation and sprint management experience
- Experience in project planning and delivery management
- Ability to handle multiple AI projects simultaneously
- Strong decision-making and problem-solving skills
- Client/stakeholder communication experience

- -
 - Experience conducting technical reviews and performance evaluations
 - Ownership mindset with strong accountability
 - Ability to work in fast-paced and deadline-driven environments
-

Why Join Us?

- Opportunity to work on cutting-edge AI projects
 - High ownership role with direct impact on company growth
 - Work in a fast-growing, innovation-driven environment
-
